OUR PHILOSOPHY IS "INDIVIDUAL ATTENTION"

We do one-on-one analysis and detailed stroke work with EVERY camper EVERY day. The Aggie Swim Camp is known for being the first major collegiate swim camp to send home an individual videotape of each camper included in the cost of camp. This is a great reference tool that you can use all year long. You will take home your personal videotape with above and below water shots as well as voice-over analysis of your strokes. Our coaches have a wealth of experience in coaching and developing age group to world-class swimmers including Olympians, Pan-American and NCAA champions. These coaches are on the deck working with you EVERY day. The Texas A&M University Natatorium is one of the finest and fastest in the country.

- Texas A&M coach at every water workout
- Daily Individual Videotaping and Stroke Analysis
- Adult Counselor lives in Dorm/24-hour supervision
- Spectacular Natatorium
- Extensive stroke technique including starts and turns
- Fun and Challenging Summer Camp Experience
- Make friends with swimmers from across the country

SPECTACULAR FACILITY AND CAMPUS

The Texas A&M Natatorium is recognized as one of the finest and fastest in the country. The facility has been host to numerous collegiate, national and international level swimming meets, including the 1998 FINA World Cup, 1998 U.S. Open and the 2001 men's and 2004 women's NCAA Swimming and Diving Championships. At the 2001 Men's NCAA Championships 25 NCAA, American and US Open records were broken here. And in December of 1998 at the US Open and World Cup Meets 67 records including American and World records fell. This spectacular \$12.5 million state-of-the-art natatorium is our camp home.

Texas A&M University is truly a unique place rich in pride and tradition. The campus is beautiful with clean, well-kept grounds. Aggie Swim Campers have the opportunity to get to know the campus and make friends with swimmers from across the country during social activities such as a camp "fest" show, a scavenger hunt, and recreational springboard and platform diving. Other activities such as supervised indoor rock climbing and campus tours are available, some for a small fee.

We encourage campers from age 8-18, from beginners in competitive swimming to advanced-level swimmers. Apply early. The Aggie Swim Camp fills up fast!

DAILY ACTIVITIES & TRAINING

Your days at camp will include:

- Three water workouts including:
- Morning Conditioning Workout
- Videotaping - Daily underwater or above-water taping and analysis
- Starts and Turns
- Technique Coaching/Stroke Drills
- Stroke Forum - detailed breakdown of stroke mechanics
- Organized recreational games and fun activities
- Supervised free time and scheduled rest periods
- Three all-you-can-eat well-balanced meals
- Optional free-time activities such as rock-climbing, shopping, diving
